PROFESSIONAL SUMMARY

Dynamic and results-oriented programmer with a passion for learning and mastering new technologies. I am seeking a challenging role to contribute to the development of front-end applications. Recognized for proposing innovative ideas and translating them into fully functional code across multiple platforms.

TECHNICAL AND SOFT SKILLS

C, JavaScript
HTML, CSS, SASS
Express JS, Mongo DB
React JS, Tailwind CSS

Git, GitHub
Critical thinking skills
Communication skills

Strong interpersonal skills
Proactive and self-motivated
Organisational skills

INTERNSHIPS

Linsible Technologies Pvt Ltd

July 2023 - Sep 2023

Full Stack Development

I actively participated in code reviews, offered suggestions to fellow team members in order to enhance development procedures. Collaborating closely with the design team, we translated Figma designs into functional code, effectively improving user experiences across various devices using React JS, SASS. I have also worked in troubleshooting issues and optimizing application performance.

RF Labs

Dec 2023 - Feb 2024

Web Development

I had a great opportunity to work with cutting-edge technologies, specifically with Tailwind CSS and React JS. The internship helped me to apply scalable solutions, solve real-world problems, and maximize performance.

PROJECTS

Blog Application: Developed a comprehensive blog application using the MERN stack, allowing users to create, view, and manage blog posts efficiently.

Weather Data Application: Built a React JS application to fetch and display real-time weather data by integrating external APIs.

Movie Ticket Booking: Developed using React JS and styled with Tailwind CSS, this platform allows users to select movies, book tickets, and view the total ticket prices.

Expense Tracker application: Developed an efficient Expense Tracker using React JS, leveraging the Context API for seamless state management.

News Application: Built a responsive News Web App with React JS and Bootstrap, featuring category-based filtering and real-time updates.

Quiz Application: Created an interactive application with React JS and Bootstrap, integrating single-choice questions, scoring, and result calculation.

EDUCATION & CERTIFICATIONS

B. Tech Biotechnology

- B.S Abdur Rahman Crescent Institute of Science and Technology, CGPA:8.7

Higher Secondary

- The Velammal International School, Percentage: 77.83%
- Global Jury validation of practice venture called SAP.

- Responsive Web Design from Free Code Camp.
- Website clone using HTML, CSS from AccioJob.
- Completed a credit course on introduction modeling and graphics in association with Virginia Commonwealth University, USA.

EXTRACURRICULAR ACTIVITIES

- Learning German- Currently undertaking self-directed study in German language acquisition.
